The stainless steel wire mesh shelf of the Norm 5 rack provides a well-ventilated, safe, and hygienic surface for high loads. It is suitable for continuous use at ambient temperatures ranging from -40°C to +60°C.

The effortlessly attachable wire rack insert made of high-quality stainless steel provides a well-ventilated, safe, and easy-to-clean storage surface. This insert of the Norm 5 shelf supports high load capacities. Temperatures ranging from -40°C to +60°C pose no problem even over the long term. The materials used are sustainable, 100% recyclable, and so valuable that Hupfer guarantees today to buy back your entire shelf at the end of its service life.

- Stainless steel wire mesh construction ensures well-ventilated, safe, and hygienic storage while maintaining the condition of the stored goods.
- Quality workmanship with high-quality stainless steel allows for perfect hygiene and easy cleaning.
- Valuable materials ensure sustainability and value retention.
- Sturdy design guarantees high load capacity.
- Modular system ensures easy handling from assembly to cleaning with minimal effort.
