The stainless steel wire mesh shelf of the Norm 5 rack provides a well-ventilated, safe, and hygienic surface for high loads. It is suitable for continuous use at ambient temperatures ranging from -40°C to +60°C.

The effortlessly attachable wire mesh shelf made of high-quality stainless steel provides a well-ventilated, secure, and easy-to-clean surface. This shelf of the Norm 5 rack supports high load capacities. Temperatures ranging from -40°C to +60°C pose no long-term problems either. The materials used are sustainable, 100% recyclable, and so valuable that Hupfer guarantees to buy back your entire shelf at the end of its service life.

- Wire mesh design in stainless steel ensures well-ventilated, safe, and hygienic storage while maintaining the condition of the stored goods. - High-quality craftsmanship in premium stainless steel allows for perfect hygiene and easy cleaning. - Valuable materials ensure sustainability and preservation of value. - Sturdy construction guarantees high load capacity. - Modular system ensures easy handling from assembly to cleaning with minimal effort.
