<b>Modular dimension:</b>	75 mm
<b>Insertion type:</b>	Crosswise insertion
<b>Payload:</b>	180 kg
<b>Weight:</b>	23 kg
<b>Width:</b>	589 mm
<b>Depth:</b>	669 mm
<b>Height:</b>	1630 mm

Gastronorm trolley in high version for storing GN 1/1 containers and associated partition elements.

Trolley with one compartment in robust, self-supporting and hygienic design, made of high-quality stainless steel square tubes. Welded U-shaped shelf rails with push-through and tilt protections on both sides as per DIN EN 18867-2. In addition to the vertical square tubes, 2 rectangular-profile cross braces ensure user-friendly handling. Mobile trolley on 4 swivel casters,  $\varnothing$  4.9" (125 mm), fastened by means of screw-on plates and several screws specifically offset to the interior for insertion into cooling and heating equipment.

The Hupfer gastronorm trolley RWG 1 / 36 GN 75-B-U has the lowest empty weight in comparison to other products and therefore provides outstanding handling properties, while its overall height, which is the lowest of all, ensures it is easy to manoeuvre, and its rail spacing of 75 mm gives it a 50 % greater capacity (when GN containers without lids with a depth of 150 mm are placed in it). Its castors feature a particularly sturdy attachment to mounting plates affixed by four bolts each.
