Weight: 4 kg

**Width:** 900 mm

Height: 49 mm

Similar to illustration, technical modifications reserved. Without decoration.

The stainless steel wire mesh shelf of the Norm 35 rack provides a well-ventilated, secure, and hygienic storage surface for particularly high load capacities. It is suitable for continuous use at ambient temperatures from  $-40^{\circ}$ C to  $+60^{\circ}$ C.

Depth:

The wire grate support, easily hooked in and made of high-quality stainless steel, provides a well-ventilated, secure, and easy-to-clean storage surface. This support, used with the Norm 35 shelving unit, can bear particularly high loads. Temperatures from -40°C to +60°C also pose no long-term problem.

- Wire mesh design ensures well-ventilated, secure, and hygienic storage while maintaining the condition of the stored goods
- High-quality workmanship using premium stainless steel enables perfect hygiene and easy cleaning
- Valuable materials ensure sustainability and preservation of value
- Stable construction guarantees particularly high load capacity
- Modular system allows for easy handling from assembly to cleaning with minimal effort
