| Weight: | 20 kg |
| Width: | 470 mm |
| Depth: | 636 mm |
| Height: | 1547 mm |

Tray clearing trolley for lengthwise insertion of GN 1/1 trays.

Trolley in robust, self-supporting and hygienic design, made of high-quality stainless steel. Square tube design with welded connection tubes running horizontally, with upper polyethylene end plugs. Permanently inserted, solid-material, stainless steel tray shelves, with push-through protection on both sides as per DIN EN 18867-2. 2 solid-material, stainless steel struts each, welded at the long sides of the tray insertions, serve as additional tray centring aids. 4 polyethylene disc bumpers serve as bumpers and protect trolley on all sides as well as building-side walls from being damaged. Trolley runs on 4 swivel casters of which 2 with total locks, Ø 4.9" (125 mm), with pin fastening.

The Hupfer stainless steel tray clearing trolley TAWEDEL 1/10 GN 125-L features a low overall height, giving the user ergonomically correct loading options, and the additional side struts provide optimised tray centring.
