Dispenser in self-supporting and hygienic design, made of high-quality stainless steel. Closed outer housing with cooling slots on all four sides, with open stacking compartment. Removable basket made of plastic-coated stainless steel as stacking platform with ball bearing platform guide, can be included in stacking capacity. Consistent output height thanks to manually adjustable stainless steel tension spring system. Easy cleaning of stacking compartment from above and via a cleaning opening in the base plate. Four massive polymer corner bumpers, of which two at the upper corners of the structure that serve as bumpers and protect the equipment on all sides as well as building-side walls from being damaged, with integrated, ergonomically-shaped push bars. Dispenser runs on 4 swivel casters of which 2 with total locks, \varnothing 4.9" (125 mm), fastened by means of screw-on plates and several screws.
