Plate divider for use in the plate transport trolley TETW-1/6-26.

The Plate divider for TETW 1/6-26 from Hupfer Metallwerke GmbH & Co. KG offers a hygienic solution for organising plates within the TETW-1/6-26 transport trolley. Crafted from high-quality electro-polished round stainless steel, this durable divider ensures reliable side partitioning and front-side fall protection for plate stacks. Its low design maximises space efficiency while maintaining secure plate transport. The Plate divider enhances meal logistics by preventing plate displacement during movement, improving orderliness and safety in busy catering environments. Stainless steel construction guarantees easy cleaning and long-lasting performance, making it an essential accessory for efficient commercial catering operations.
