we make work flow

## Technical data

**Width:** 9 mm  
**Depth:** 42 mm  
**Height:** 6 mm

*Similar to illustration, technical modifications reserved. Without decoration.*

The PT100 temperature sensor is used for the precise monitoring and documentation of temperatures during the storage and transport of temperature-sensitive products. The PT100 temperature sensor enables reliable sorting and organisation of goods to ensure quality throughout the entire logistics process.
