Weight:

3 kg

Width:

1500 mm

Depth: Height: 240 mm 49 mm

Similar to illustration, technical modifications reserved. Without decoration.

The rust support made of anodised aluminium of the Norm 20 shelf provides a ventilated, secure, and hygienic storage surface for high load capacities. It is suitable for use at ambient temperatures of -30°C.

The easily hook-on grill grate made of anodised aluminium provides a well-ventilated, secure, and easy-to-clean storage surface. Despite its low weight, the grate can support high loads. Temperatures as low as -30°C also pose no problem in the long term.

- Rust version in anodised aluminium with low weight ensures easy handling, ventilated, safe and hygienic storage, and preservation of the stored goods' condition
- High-quality workmanship with premium aluminium enables perfect hygiene and easy cleaning
- Valuable materials ensure sustainability and value retention
- Robust construction guarantees high load capacity
- Modular system allows easy handling from assembly to cleaning with minimal effort
