## Technical data

<b>Modular dimension:</b>	37.5 mm
<b>Insertion type:</b>	Lengthwise insertion
<b>Payload:</b>	45 kg
<b>Weight:</b>	44 kg
<b>Width:</b>	585 mm
<b>Depth:</b>	799 mm
<b>Height:</b>	734 mm

*Similar to illustration, technical modifications reserved. Without decoration.*

The Isobox Flex is designed for the output and temperature-safe transport of food components in GN containers or on GN trays over long, demanding transport routes. With the Isobox Flex XS, Undercounter, you can organise food space-savingly under the counter.

The Hupfer Isobox Flex xS Undercounter for 9×GN 1/1 offers outstanding temperature-safe transport for hot and cold food components. Its insulated stainless steel housing ensures excellent heat retention, maintaining food quality over long, demanding routes. The versatile design includes tool-free mounting for neutral, cooling, and heating modules, allowing quick adaptation to varying temperature needs. True-tracking swivel and fixed castors provide smooth, precise manoeuvring, even in tight spaces. Deep-drawn stainless steel shelves guarantee durable, hygienic surfaces that are easy to clean. Hinged, lockable doors with integrated push handles enable ergonomic handling and efficient loading. The Isobox Flex xS Undercounter organises food space-savingly under counters, optimising kitchen logistics. This robust, adaptable solution enhances food safety and streamlines transport in commercial catering environments.

- Insulated housing ensures excellent temperature retention for safe transport of hot or cold food components
- Mounting for neutral, cooling and heating modules allows quick adaptation to varying temperature requirements without tools
- True-tracking mobility with swivel and fixed castors provides smooth, precise manoeuvring on demanding transport routes
- Deep-drawn stainless steel beads offer durable, hygienic shelf surfaces that are
