Solid shelf made of polystyrene segments on aluminium carrier bars.

The effortlessly attachable, closed plastic insert provides a lightweight, secure, and very easy-to-clean surface, even dishwasher safe. This insert of the Norm 12 shelf can support high loads despite its low weight.

Temperatures of -30°C are not a problem even in the long term. The materials used are sustainable, 100% recyclable, and so valuable that Hupfer guarantees today to buy back your entire shelf at the end of its service life.
