The bracket for StE sterile goods containers is designed for attachment to Hupfer wall hook rails or Hupfer hook trolleys and for holding a sterile goods container as an open shelf.

The holder for sterile container units is designed for convenient attachment to Hupfer wall hook rails or Hupfer hook trolleys and securely holds a StE sterile container. The Hupfer holder for StE sterile containers provides an open shelf with maximum accessibility for a smooth workflow. The practical and robust construction made of high-quality, electrolytically polished stainless steel wire frame ensures a long service life and optimal hygiene. The simple handling allows for effortless hanging and removal of the holder.
