The sieve basket divider is used for subdividing the sieve basket.

The custom-fit sieve basket divider is designed for optimal subdivision of the sieve basket. The Hupfer sieve basket divider ensures maximised efficiency in instrument preparation. The screw-in construction made of perforated stainless steel sheet guarantees stable subdivision and clear visibility within the sieve basket. The high-quality workmanship ensures perfect hygiene and a long lifespan for the sieve basket divider. The fastening accessories tailored to the sieve basket guarantee easy handling and secure positioning of the sieve basket divider. The well-thought-out perforation ensures optimal water circulation and thorough cleaning of all instruments.
