Similar to illustration, technical modifications reserved. Without decoration.

Wire container for transport, storage and provision of small medical supplies.

Container made of high-quality, electro-polished stainless steel round material and comprising closed wire loops at the base and walls. One withdrawal opening at the front, chamfered for easy access, through the top frame that is lowered to half the container height. Wire containers can be attached to wall hook racks or hook trolleys using universal brackets. Empty baskets can be stacked in a space-saving manner.
