The mounting kit for the hook rail is used for attaching the hook rail.

The mounting kit tailored to the hook rail is designed for the reception of the hook rail. The Hupfer mounting kit for accommodating a hook rail is the refined solution for a secure and stable attachment of the hook rail. The robust construction made of high-quality stainless steel guarantees durability. The pre-formed and coordinated recesses and holes ensure precision fit and effortless installation. The precision fit provides a firm connection and reliably withstands the corresponding loads.
